My head is drowning in a sea of animosity,
The waves of confusion are crashin' over top of me.
I'm just tryin' to survive,
doin' everything I have to just to stay alive.
I try to breathe but the waters keep on choking me.
Just swam for days but my arms and legs are killing
me.
I'm just tryin' to survive,
doin' everything I have to just to stay alive.
I'm just tryin' to survive,
I'm just tryin' to survive...

I just need some time so I can breathe, I can breathe.
Call me what you want to,
I still have to do this for me.
I just need some time so I can breathe, I can breathe.
Call me what you have to,
I still have to do this for me.

I'm over it,
I'm over it,
I'm over it.
I'm giving up on you,
I'm over it,
I'm over it.
I'm just tryin' to survive,
But everything I do is so hopeless on the outside.
Things I say just to try to make sense,
Things I didn't to protect me from the consequence.
I'm just tryin' to survive,
Doin' everything I have to just to stay alive.

I just need some time so I can breathe, I can breathe.
Call me what yo want to,
I still have to do this for me.
I just need some time so I can breathe, I can breathe.
Call me what you have to,
I still have to do this for me.

(Solo)

I just need some time so I can breathe, I can breathe.

Call me what yo want to,
I still have to do this for me.
I just need some time so I can breathe, I can breathe.
Call me what you have to,
I still have to do this for me.
