I said it once I'll say it again if I really want.
I'm saying everything I wanted if I really want.
I say it once I say it twice I'll say it right into your face
I take a step back and gather up what I gotta say.
You dumbass tools won't stop us
Wait, you're as dumb as rocks (GO).
You're as dumb as Forrest Gump, you really need to
stop.
Knock you over with the statement that will shock.
Your mother should've left you in the balls of your
pops.

I said it.
I said it.
I'm saying that I said it.
I mean it I don't care.
I don't care I don't regret it.
You needed to hear it and I needed to say it.
I'm not playing, I just said it.
No I don't regret it.

I said it.
I said it.
I'm saying that I said it.
I mean it I don't care.
I don't care I don't regret it.
You needed to hear it and I needed to say it.
I'm not playing anymore.
You started a fucking war.

I didn't like you from the start.
If you disappear tomorrow.
The world and I would throw a party.
There'd be no sorrow
Be no tears, be no horror
No funeral tomorrow
People lined up for you laying flowers.

Atop your artificial body crying artificial blues.
You artificial minded asshole times two.
You're nothing special, there's a hundred-thousand
yous.

In every single city that you think belongs to you.

I said it.
I said it.
I'm saying that I said it.
I mean it I don't care.
I don't care I don't regret it
You needed to hear it and I needed to say it
I'm not playing, I just said it.
No I don't regret it.

I said it.
I said it.
I'm saying that I said it.
I mean it I don't care.
I don't care I don't regret it.
You needed to hear it and I needed to say it.
I'm not playing anymore.
You started a fucking war.

You wanna shout out bullets alone?
You wanna shout out bullets alone?
You wanna shout out bullets?
Wanna shout out bullets?
Wanna shout out bullets alone?
You wanna shout out bullets?
Wanna shout out bullets?
Wanna shout out bullets alone?
You wanna shout out bullets alone?

Artificial body crying artificial blues.
You artificial minded asshole times two.
You're nothing special, there's a hundred-thousand
you's.
In every single city that you think belongs to you.

I said it.
I said it.
I'm saying that I said it.
I mean it I don't care.
I don't care I don't regret it.
You needed to hear it and I needed to say it.
I'm not playing, I just said it.
No I don't regret it.

I said it.
I said it.
I'm saying that I said it.
I mean it I don't care.
I don't care I don't regret it.
You needed to hear it and I needed to say it.

I'm not playing anymore.
You started a fucking war.

I said it.
I said it.
I'm saying that I said it.
I mean it I don't care.
I don't care I don't regret it.
You needed to hear it and I needed to say it.
I'm not playing anymore.
You started a fucking war.
