Light up the room with a little more light.
I need a lot more focus.
Lights, Camera, Action.
Iâ€™m looking for more performance from the actors as I
casted.
Not complaining, Iâ€™m here for the long haul.
This is my world, gravity a liar.
World is steeper then you think, yellow and beat.
Ccanâ€™t decide, got a lot a people.
In hot suits standin' a club.
This woman doing shots on her belly button.
Sluts!
I see her hair and sweat from her chin.
You know the place with all the mirrors you live in
But you always just wanna point fingers.
Once in college in my stomach and I'm single.
How many records did you write about your shoes,
About your car, about your clothes, about your wife?

Light up the world with a little more truth.
I gotta couple more words.
Lights, Camera, Action.
Iâ€™m looking for a change of chain reaction.
Lights, Camera, Action.
Iâ€™m looking for a change of chain reaction.
Same town every single world.
Iâ€™m looking for a change.
Iâ€™m a change it all.
Iâ€™m looking for a change.
Iâ€™m a change it all.
Iâ€™m a change it all.
Iâ€™m a change it all.
Iâ€™m a change it all.
Lights, Camera, Action.
Iâ€™m looking for a chain reaction.

Forget about the rumors that you heard.
Cause they exaggerated every single word.
An you forget you ever heard them
When you hear about the struggles and the burdens
An all the tabloids covering your bad boy antics.
Paparazzi take a photo on chances.

Light up the world with a little more truth.
I gotta couple more words.
Lights, Camera, Action.
IÂ'm looking for a change of chain reaction.
Lights, Camera, Action.
IÂ'm looking for a change of chain reaction.
Same town every single world.
IÂ'm looking for a change.
IÂ'm a change it all.
IÂ'm looking for a change.
IÂ'm a change it all.
IÂ'm a change it all.
IÂ'm a change it all.
Lights, Camera, Action.
IÂ'm looking for a chain reaction.

Light up the world with a little more truth.
I gotta couple more words.
Forget about the rumors that you heard.
Cause they exaggerated every single word.
IÂ'm a catch yah if you ever heard them
When you hear about the struggles and the burdens
An all the tabloids covering your bad boy antics.
Paparazzi take a photo on chances.

Lights, Camera, Action.
IÂ'm looking for a change of chain reaction.
