Yeah
On the brink of madness
Drowning in hell,
I'm tryna' live while I'm at it
Shattered matters flatters stress,
She's so attracted to me

When I know she's gone,
She comes right back,
Can't catch breaks
Not even a slight crack
Stuck in the hole
Then I dig myself
Even deeper
When I try to fight back
I kick in the door and it leads to more,
What's the key to life?
I'm falling off,
Split the floor,
Traveling at the speed of light light

When you told me everything
Would be alright,
I believed it.
But you left me alone
Here in the dark
To be defeated feated feated

You've run, so far away
But I made it through,
And I'm standing here today
I see the sun,
After the rain yeah...
Yesterday is dead and gone,
The speed of light my life goes on,
And... on

Yeah yeah
Cuz how much more
Must I withstand
Before I can rise and fly so high
To the point where I can

Put this world in my hand
Wanna ride till I die,
But I can only go so far,
'Till what's left of my fuel is gone
Running on e,
Only things left is faith and passion
That it's purest form, come on

When you told me everything
Would be alright,
I believed it.
But you left me alone
Here in the dark
To be defeated feated feated

You felt, so far away
But I made it through,
And I'm standing here today
I see the sun,
After the rain oh...
Open my eyes
And now I know,
That you've been with me all along
I'm alright

I'm ok
