I know he don't know you babe like I do
One day he'll leave you girl lost and lonely
I hear whatcha sayin' I apologize
Just give me one last chance to make it right

No need to hide your love
No need to keep it on your own
And baby you're not alone
And babe if you care enough we can start it over again

Let's Start it Again
Girl understand
Baby I know we can try it again
Let's Start it Again
Don't throw it away
Please tell me that it's not the end

Yeah, Ever since we started it was you and I do or die
I wanna right my wrongs you've been gone too long
It's time for me to lose my pride
Can't survive in this life of mine
Baby can you let me breathe, breathe
No matter how much I succeed
Won't be happy cuz you're ahead of my dreams girl

No need to hide your love
No need to keep it on your own
And baby you're not alone
And babe if you care enough
We can start it over again

Let's Start it Again
Girl understand
Baby I know we can try it again
Let's Start it Again
Don't throw it away
Please tell me that it's not the end

Cuz you're not alone near or far
I've always been here by your side
I know you moved on but I'm still in love
So babe if you leave me now

You'll leave me torn apart

Hey Yeah, Best of homies
Solely, you're my one and only
If only I believed what you told me
I wouldn't wanna die feeling this lonely
Let me set this straight from this mess I've made
Clean my ways for the dues I've payed
Know your loves stays with me to the grave
The only way to learn to be strong is through the pain

Let's Start it Again
Girl understand
Baby I know we can try it again
Let's Start it Again
Don't throw it away
Please tell me that it's not the end

Let's start it again
