When i'm out on the road

told my homie romeo
how much i missed u so
I don't know how much longer it'll be
cause i'm missing you
wantin you
and i really wanna talk to you
oh no! i left my two way at home still sittin on the
charger
oh no! my batteries dead on my cell phone
and i really wanna call you
jboog let me use your phone
gotta call my babygirl back home
let her know what she means to me
cause we've gotta be.....

~Chorus~

You're my (You're my) angel (angel)
You're my heart gurl
cause you're my everything
You're everything i want in a women
cause you're my everything
you're everything i need in a women
(repeat)

~Verse 2~ (Raz-B)

I got you on the phone
u sayin u wish i was home
but then u flip the script
to put me in the wrong
and you think i'm lying when i've been tryin all day to
talk to you
juggling videos and photo shoots
babygirl don't think that one minute goes by and i don't
really wanna call you
don't think i'm screenin my calls or checkin my caller id

tryna dodge you gurl
i'm tryna be all i can be
young man and in this industry
u mean the world to me
u r my everything

~chorus~
(repeat)

~Bridge~
Gurl i want you to know
that nothin will ever come between u n me
gurl i want u to know
you'll always be... my everything

(Rap) Lil Fizz
babygirl im missin you
cant wait to get home so i can hold u
pain is love when it comes to you
faithful and true is what i stay to you
u're my homie when i chill wit you
throw in some sweats wit some nike shoes
or get sedity for me
Louie skirt wit the mini tee
see times been hard for me being on the road without
my wifey
lookin at my watch as the time goes by
lookin at the sky as the day goes by
wishin one of these days you could fly
till the next time to be by my side
for u i ride
for u i lie
me n u gurl Bonnie and Clyde

~chorus~
(repeat)

lalala lalalala lala lalalalala
