[rap 1:]

Hot spots

I bang like little rock

Step up in the club

And watch the beat stop

Hey shorty

Can you do that dance in my drop, park that

Make that booty clap like flip flops

Like the flintstones

We can make the bed rock

Yes this little boy got a house on the hill

Call me montell

I got so many hot wheels

Now you know what I'm bout

Lets turn this party out

Aight

[chorus 2x:]

Everybody put your hands up if you feel me

All the ladies come party with me

Fellas grab your girl

And lets turn this party out

[rap 2:]

So much sexy appeal

Girl that thing can't be real

Baby tell me what's the deal

All I wanna know is can we chill

All from average

Love your bad habits

The way that thing move

You making me want to grab it

Lets leave right now

Lets stop playing around

There's a lot I want to do for you

How does that sound

You's a cute

Scarf over your doobe

Look at that gucci

Look good on your booty

What's really good

Can I floss you in my hood
Tell you things
That make you knock on wood
So let make it happen
If you want to handle it
Tonight I'm a good man
Tomorrow I'm scandals
So grab your coat
Let make a exit
Girl if your momma is home
Girl we hittin da lexus

[chorus 4x:]

Everybody put your hands up if you feel me
All the ladies come party with me
Fellas grab your girl
And lets turn this party out

[rap 3:]

We don't ride around in trunks
We ride around in bentley bus
Don't other crews recognize
Ya'll can't fad us
When platinum status droppin heat
Man you already know
B2k and chris stokes always equal big doe
We in a 4.6
With 4 asian chicks
Man all this ice around my neck and wrist

How you do dat derre
Gotta dem all saying fizz can I play in your hair

[j-boog talking:]

Check it out
Let me drop dat knowledge on y'all real quick
A lot of people think b2k is you know what I'm saying is
all about imaging and dancing and
Stuff like dat
The people that are talking like dat probably don't have
an image
So if you need one
Come to t.u.g we got a lot of dem
We will give you one
Not a problem
Cause we focus man
Once again we focus man
I know I said dat on the last track
But I wanted to get my point across
