Rap (Omarion):  
Sexy Boy who?  
You talking to me  
Please keep me awake  
Before I go to sleep  
Hang time too long  
Game time too strong  
So if your girl is looking  
Please don't be alarmed  
I can't explain what I do to them  
What they do to me  
It's all in C-H-A-N-G-E

Be at cha like  
A reflex and if you're gonna  
Just Gimme a minute  
And everything will turn out lovely, lovely  
And everything will turn out lovely

Rap (Raz-B)  
Now you know me  
I'm the ladies' man  
Raz-B, came to serve you with these lips again  
Who me?  
Sexy with no flaws  
Hittin' the spot  
And drop the girls...  
It's just the little things I wanna do for y'all  
Let you push them things while we  
Chill at the mall  
We can make our way to the mistletoe  
Stand there and kiss  
While I seduce you with this flow

Chorus

Rap ( J-Boog)  
I'm not tryin' to show you love & affection  
I'm tryin' to show you I'm blessed  
In different sections  
Yo, let's see what this boy all about  
'cause this Christmas Eve  
I'm tryin' to kick it on the couch  
You better not pout  
You better not cry  
You better not shout  
I'm telling you why 'cause j-Boog's gonna freak yah  
tonight

Chorus(2x)
