WhooaaaooaaaH

Girl if I didn't have a plan could I be yo man still (uh uh
yeah)
and if you couldn't watch cable would you able to
understand
and if I couldn't buy you diamond rings take you out
things or do nothing
special
would you deal would stick around and chill would you
keep it
reeeeal

(Chours)

Tell me would you be here if I had nothing,
Would you be here if I was struggling, if I had nothing,
would you be here at any cost, would you
be here if I didn't have a boss at any cost ,
would you be here to pay the rent
would you be here no benefits,
girl if that was it, would be here if I gave up
straight outta love, would you give a what

Girl if all hope was gone, we didn't have a phone,
would you stay at home with
me
and how long would stay by my side if I applied and
wasn't qualified
baby
What if I was finished couldn't do nothing else with it
would you forget it
girl do you swear to tell the whole truth nothing but the
truth
I'm listening baby

(Chours)

Tell me would you be here if I had nothing,
Would you be here if I was struggling, if I had nothing,
would you be here at any cost, would you

be here if I didn't have a boss at any cost ,
would you be here to pay the rent
would you be here no benefits,
girl if that was it, would be here if I gave up
straight outta love, would you give a what

The day may come when things ain't going to good
so for our sake I gotta be sure who i'm chosing is all the
way wit it (yeaaa)
and down the line I don't wanna get caught in a stick
situation
cause you never know might not be so cold might get a
little older(oooooooooooo)

(Chours 2x)

Tell me would you be here if I had nothing,
Would you be here if I was struggling, if I had nothing,
would you be here at any cost, would you
be here if I didn't have a boss at any cost ,
would you be here to pay the rent
would you be here no benefits,
girl if that was it, would be here if I gave up
straight outta love, would you give a what

What if I was ugly and struggling and crumy would you
luv me
If I was rusty a little dengy would you defend me
if I was ugly and struggling a bumy would you luv me
If I was rusty and struggling would you hug me

(Chours)

Tell me would you be here if I had nothing,
Would you be here if I was struggling, if I had nothing,
would you be here at any cost, would you
be here if I didn't have a boss at any cost ,
would you be here to pay the rent
