I'm the kinda guy, you're mamma warned you about
the type who'll prey on you, til you scream and shout
Just when you think that I'm all, innocent and pure
my fangs bite down hard I scratch you with my claws

Coz I'm the Wolfman baby
don't try to break free
Coz I'm the Wolfman honey
There's no escaping me
coz I'm the Wolfman baby
don't try to break free
Coz I'm the Wolfman honey
Theres no escaping me
Aooooohhhh

I tell those pretty girls, what they wanna hear
Just to lead em on, pull em close 'n' near
and when i get em where I want em
Is when I go for the kill
Mauling my next victim only for the thrill

Coz I'm the Wolfman baby
Don't try to break free
Coz I'm the Wolfman honey
There's no escaping me
Coz I'm the Wolfman baby
Don't try to break free
Coz I'm the Wolfman honey
Theres no escaping me

Bite me

(guitar solo)
