[Verse]

I can do anything that he won't do  
I'm not your lover  
Just wanna give it to you  
Pull your hair  
You know how we do it boo  
Making love is cool  
But you need something freaky too

[Hook 2x]

Other loving, loving, loving  
She just want that other loving, loving, loving  
Girl you need that other loving, loving, loving  
She just want that other loving, loving, loving

[Verse]

Never miss an opportunity to hit  
Call me up whenever you need a fix  
Got that good  
Turn you to a fiend for this  
Bring your girl  
You know that i love a split  
And she just know  
So we just go  
Hitting the spots making her body go (ooo)  
Don't you hold back  
Let your secrets show  
I can keep it  
He'll never know

[Hook 2x]

Other loving, loving, loving  
She just want that other loving, loving, loving  
Girl you need that other loving, loving, loving  
She just want that other loving, loving, loving

[Bridge] (Flo)

I'll take you to another word girl  
You the baddest thing i see here  
Nah i ain't your man and i ain't tryna be  
But i'm thinking we should leave here  
Beat it up now you're breathing like you're  
asthmatic  
Pull your hair then i tell her look back at it  
Take a break recoup now we back at it  
Make a movie cinematic i'm a sex addict

Bite your lips when i do it make you wile out  
Itâ€™s game time when iâ€™m in it no timeouts  
If she ainâ€™t screaming i ainâ€™t working make her  
cry out  
Iâ€™m on it and she want it so i knock her lights out  
She hit me up then i go and lay the pipe down  
I canâ€™t stay gotta go this my lifestyle  
She looking at me like boy i want it right now  
I make her moan to my song thatâ€™s the right sound  
[Hook 4x]  
Other loving, loving, loving  
She just want that other loving, loving, loving  
Girl you need that other loving, loving, loving  
She just want that other loving, loving, loving
