[Verse]

I thought I knew you, but how much did I really know?
You say you™ re sorry, I tell you words will never
show
I pray you don™ t leave me, you say it™ s better to
let go
I can™ t let go
But what about me, what about us?
What about the love, when did it turn to dust?
When did you start to feel distant?
When did you turn so cold?
So many things i™ ll never know
But one thing i™ ll never forget

[Hook]

Something she said
Something she said
Something she said
Something she said
Something she said
Something she said

[Verse]

I didn™ t see the signs, I couldn™ t read you
Your love was never mine, how did I keep it?
Keeping secrets away from me, I was too blind to see
Time wasn™ t on our side, our love was meant to die
No, no, no
You can™ t go, go
But I know it™ s so
Best way for me to act, let go with my heart intact
Her words run through my head

[Hook]

Something she said
Something she said
Something she said
Something she said
Something she said
Something she said

[Bridge]

You don™ t know what you did
You don™ t know
You don™ t know what you did
You don™ t know

And iâ€™™ m so so so so torn apart by

[Hook]

Something she said

Something she said

Something she said

Something she said

Something she said

Something she said
