Nu Afrika!  
Yeah Yeah Yeah Yeah.....  
Pay Attention!

Taa!  
Saa!!  
Raa!!!  
We're back on this hustlers who say they're hot  
Get off ma stove or maybe not  
They're burning their bones  
Heavens gate is locked  
Yeah.. They thought their swag was hot now they're  
claiming they're cold  
And all eyes on you, it don't mean you know  
My good wife is the hard work  
You move like you're ignorant  
Let me show you how the world look like

Chorus:(Arabic)  
Haftalah Haftalah Bethlalom Ball J Beat (2x)  
Haftalah Haftalah Bethlalom [Ball J Beat (3x)]  
(The best in the world, the best in the world, Ball J Beat)

All eyes on you  
All eyes fall on you  
God's hands on you  
All eyes on the government  
And all eyes on living presidents and they lie  
And all eyes on dead presidents money don't lie  
Here in Africa that's where the good dies and bad flies  
Here in Africa this where the gold and jewels lie  
Its like everything lies down, here in Africa this where  
the truth lies

Chorus:(Arabic)  
Haftalah Haftalah Bethlalom Ball J Beat (2x)  
Haftalah Haftalah Bethlalom [Ball J Beat (3x)]  
(The best in the world, the best in the world, Ball J Beat)

Talk about ballers am real  
Real recognize the deal  
Been here for a minute for real

When I perish you inherit  
Doing time making meal  
Am down with ma shield not down with ma shield  
Never gave up on ma field  
Goodbye to the hustle  
Welcome to the kingdom  
Goodbye to the system  
New Africa the rhythm  
From hasville to a skilli to a milli in ma deali  
All eyes on ma busi  
Am really the busai  
If you grew up in this cells  
And got old on the streets  
They're going all well but you're going on your knees  
You should celebrate and live  
The book of life is a give  
Don't be acting like you're ignorant  
Let me show you how the world look like

Chorus:(Arabic)

Haftalah Haftalah Bethlalom Ball J Beat (2x)

Haftalah Haftalah Bethlalom [Ball J Beat (3x)]

(The best in the world, the best in the world, Ball J Beat)

You don't wanna pay for one thing; your sins  
But you can pay for one thing; attention  
All the tvs you be watching and cds you're rocking  
this how this worlds going to end and you still watch it
