He's so fine,
He shakes me like a hurricane!
He's so hot he takes off like an airplane!

He's so fine,
He shakes me like a hurricane!
He's so hot he takes on like an airplane!

Did you meet him at the cinema? (oh yeah!)
Did he drive you home?
Tell me about his car!
Does he know ya, inside and out? (not yet)
Tell me, tell me, what did you talk about?

If you wanna get, get to know me
Be my guy, the one and only
We can hold hands, when we feel ready
Meet my friends
And then we'll go steady

He's so fine,
He shakes me like a hurricane!
He's so hot he takes off like an airplane!

He's so fine,
He shakes me like a hurricane!
He's so hot

But I like him better with his clothes on
I like him better with his hair done
I like him better with his clothes on
I like him better with his hair done

Oh, oh

Did he give ya, give ya his pen? (uh-huh)
Doesn't mean that you're gonna give in
I thought you'd wanna give it a try (oh boy)
Come on girl, he's a real love one

If you wanna get, get to know me
Be my guy, the one and only

We can swap spit, when we feel ready
I think we'd share a way,
Before we get sweaty

He's so fine,
He shakes me like a hurricane!
He's so hot he takes off like an airplane!

He's so fine,
He shakes me like a hurricane!
He's so hot

But I like him better with his clothes on
I like him better with his hair done
I like him better with his clothes on
I like him better with his hair done

Oh, oh

Don't wanna roll around in sheets!
I wanna keep this thing PG-13
I said I don't
Wanna roll around in sheets!
I wanna keep this thing PG-13

He's so fine,
He shakes me like a hurricane!
He's so hot he takes off like a jumbo jet

He's so fine,
He shakes me like a hurricane!
He's so hot

But I like him better with his clothes on
I like him better with his hair done
I like him better with his clothes on
I like him better with his hair done

Oh, oh

Don't you wanna, get get, to know me (like a jumbo jet)
x5
