Lover, you just hold on (Just hold on)
I'm coming, now just hold on (Just hold on)
Lover, you just hold on to me.

We're going nowhere fast -
But I'm just glad I'm going there with you.
Never going back,
But I'm already starting to miss you.
If it all falls by the way,
Don't you call,
Don't call this my mistake, no...

Lover, you just hold on (Just hold on)
I'm coming, now just hold on (Just hold on)
Lover, you just hold on to me.

I could tell you all the things I'm missing,
All the things that I'm holding onto.
But I can't get over you,

No I can't get over you tonight.

We're going nowhere fast -
But I'm just glad I'm going there with you.
Never going back,
But I'm already starting to miss you.
We can talk if you wait,
Just don't say...

Lover, you just hold on (Just hold on)
I'm coming, now just hold on (Just hold on)
Lover, you just hold on (Just hold on)
I'm coming, now just hold on (Just hold on)
Lover, you just hold on (Just hold on)
Baby, I'm coming, now just hold on (Just hold on)
Lover, you just hold on to me.
