[Verse]

I'm debating with my cigarettes, I'm young and
I am ignorant, been living life to that extent, oh well.

Barefoot in your summer dress, your mouth's
open, your hair's a mess, the sun is shining
nonetheless, oh well.

Counting out the blades of grass, Levi's jeans and
skipping class, let bygones be bygones, sometimes
you got to keep moving on.

[Chorus]

And if you want to, I can come back for you.

Taking pictures of the emptiness, was here one day
then gone the next.

Yeah if you try, just try a little harder.

Laughing off the loneliness, just say the word, you
know I'll be there.

[Verse]

We're cranking up the radio, there's nowhere
that I wouldn't go, the only one I truly know is you.

Lost in one more late night drive, can't tell how
much I feel alive, just sit around and waste my time
with you.

Counting out the blades of grass, Levi's jeans and
and skipping class. Let bygones be bygones,
sometimes you got to keep moving on.

[Chorus]

And if you want to, I can come back for you.

Taking pictures of the emptiness, was here one day
then gone the next.

Yeah if you try, just try a little harder.

Laughing off the loneliness, just say the word, you
know Iâ€™ll be there.
