Ooh, Ooh, Ooh
Ooh, Ooh, Ooh

Sittin' on the edge
Nothing left to lose
Got an aching head
Alive or am I dead
Gonna make you choose
Reducin' me to tears
Confirmin' my worst fears
Is this sensible?

And it won't go bang here in the night
And it won't go bang here in the night
And it won't go bang if you treat me right

Ooh, Ooh, Ooh
Ooh, Ooh, Ooh
You make it awfully hard
To show me what you have
I'm breakin' into two
There's a place for me and you
And a life to save
There's a trap inside this place
Don't meddle just in case
You trip the fuse

And it won't go bang here in the night
And it won't go bang here in the night
And it won't go bang if you treat me right

Out here you're on your own
It's nothin' like your home
See there's no smile on your face
You've gotta run your race
Don't say you like my music
In the hopes you'll confuse it
Just leave it alone

And it won't go bang here in the night
And it won't go bang here in the night
And it won't go bang if you treat me right

(Instrumental)

And it won't go bang here in the night
And it won't go bang here in the night
And it won't go bang if you treat me right

Get outta this place
It's a nuclear waste
A glow in the dark
And nothin' is safe
A world goin' mad
I'm losin' my taste
Am I goin' insane?

And it won't go bang here in the night
And it won't go bang here in the night
And it won't go bang if you treat me right
If you treat me right here in the night
And it won't go bang here in the night
And it won't go bang if you treat me right
If you treat me right

And it won't go bang etc.
