Hey don't you know, won't let you go
Hits you in the heart, hurts you down below
There is no escape, there is no excuse
Spoils all your wishes, extracts all the juice

Oh oh oh it's obsession, my confession is holding
you
And it won't let go now
Oh oh oh it's obsession, my impression is bad for
you
And it won't let go now

Make a funny face, speak a bit too loud
Fallin' at this pace, stand out from the crowd
No two ways about it, one card short of a deck
No need to shout about it, just a nervous wreck

Oh oh oh it's obsession, my confession is holding
you
And it won't let go now
Oh oh oh it's obsession, my impression is bad for
you
And it won't let go now

Who are your friends?
Where are you goin' with them?

It's obsession, my confession is holding you
And it won't let go now
Oh oh oh it's obsession, my impression is bad for
you
And it won't let go now

No More explanations, no more sympathy
Sorry this has happened, sorry as can be
Wait here just a moment, just a speck of time
Thought I saw it differently, thought I saw a sign

Oh oh oh it's obsession, my confession is holding
you
And it won't let go now
Oh oh oh it's obsession, my impression is bad for

you
And it won't let go now
Oh oh oh it's obsession

Who are your friends?
Where are we going with them?

It's obsession, my confession is holding you
And it won't let go now
Oh oh oh it's obsession, my impression is bad for
you
And it won't let go now

Oh oh oh it's obsession, oh oh oh it's obsession
Oh oh oh it's obsession, oh oh oh it's obsession
And it won't let go now
And it won't let go now
And it won't let go now
