Watch me take it up, then I break it down  
I don't play sports, but it's a touchdown  
I don't blend in, I'm a black sheep  
And even then, ha they still follow me  
I rock three stripes, can go and check my closet  
Never share the guap, can go and check my wallet  
I'm a comet, out of this planet  
Sitting on the throne and these haters can't stand it

DJ, play my song on the radio  
Lift me up when I'm feeling low  
Drop the beat and play it again  
Play it again, yeah  
DJ, spin it back if you're feeling me  
The 808 track is all I need  
Drop the beat and play it again  
Play it again, yeah

Now watch me do my thing  
Do my thing out on the stage  
I become an animal  
Go and put me in a cage  
I'm a beast, I'm a beast  
Why they let me off my leash?  
No you can't tame me  
in this jungle of concrete  
I'm a creature, I ain't lying  
Not a cheetah, I'm a lioness  
They saying that I'm the best  
And I ain't drop an album yet  
I got them waiting, anticipating  
They losing patience  
My music is vaccination for all my loyal patients

[Chorus]

Ride to the moon moon light  
Let the boom boom play  
Turn it up 'til you feel that base  
Rock, never gon, gon stop  
Say whatcha wanna say  
We finna keep going anyway

[Chorus x2]
