I've been wrong
I've been wronged
See truths just come and go
I've sang songs, broken songs
What's the reason for the show?

I'm standing at this puzzle, staring
So near that nothing's clear
Can't focus on what's closest to me
Gotta soar above these fears

I wanna crawl through this waterfall
Just to kiss your lips again
I wanna crawl through this waterfall
Just to touch your skin again

I've been proud
Talking loud
Saying nothing to no one
And silence comes
Familiar eyes stare out at me
We've been here more than once

I'm standing at this puzzle, staring
So near that nothing's clear
Can't focus on what's closest to me
Gotta soar above these fears

I wanna crawl through this waterfall
Just to kiss your lips again
I wanna crawl through this waterfall
Just to touch your skin again

Look inside, see outside
Here I am with you
A thousand times or maybe more
My love is sure

I wanna crawl through this waterfall
just to kiss your lips again
just to touch your skin again
To kiss your lips...

To kiss your lips...
To kiss your lips...

Time, the foolish drum beats not for you.
