It's been a war to get out of bed
Fighting a battle both sides
Alone in my head
I fake surprise when I feel the floor
And I hear a knocking in deep
And its there at my cellar door

And the same record plays on my radio
The same records play on my radio

And the shadow brings dusk till dawn
I look at all that I own
And there's nothing to put on

Nothing here reminds me of me
Two cans side by side
Cause it buy one get one free

And the same record plays on my radio
The same records play on my radio
Just tell me there's more
If that's all there is
Then there's nothing to explore
And I scream
I'm screamingâ€¦inside I'm laughing

I try to be who you want me to be
And every week I buy what you tell me I should read
And I drive the car I'm supposed to drive
I've got 2.4 and my prefect wife

And I'm trying to be who you want me to be
The chat show host on my HD TV

And the same record plays on my radio
Yeah the same records play on my radio

Just tell me there's more
If this is all there is
Then there's nothing to explore

And I'm screaming
Screaming
Screaming
Screaming...inside I'm laughing...
