"Hurt An Enemy"

kitty, i know that you miss me, know you wanna kiss me
are these blockages or possibilities
whatâ€™s a boy to do?
autobiography, letâ€™s play at photography
if i sing a song, oh kitty will you follow me
whatâ€™s a boy to do?

donâ€™t give up so easy

take it or leave it
come on and begin with me
take it or leave it
wonâ€™t give up â€™til you sing with me

what is the by-product of your production logic?
do you want to start it, or do you want to stop it?
whatâ€™s a boy to do?
you get away from me, then you get so friendly
i donâ€™t want to hurt you, i want to hurt an enemy
whatâ€™s a boy to do?

offerâ€™s on the table

i sing a song you sing along
i sing a song you sing along
you were a genius all along
you were an enemy all along
