Empty discordance.

A social illness plagues humanity,
Corrupting civilization continuously,
The era of Anno Domini is in decay.

Deepest sympathy for the future spawn of Earth.

Open your eyes, open your mind,
Ignore the words of the fucking beguiler,
They are deceitful scum,
a disgrace to the procreator.

Deepest sympathy for the future spawn of Earth.

Empty Discordance.

DOWN ON YOUR KNEES.

Time for awakening,
Take a stand,
cast a shadow upon the ironclaw of tyranny,
Let's overcome this plight.
