Oh, Looking back at what we once were.  
Theres so much blood here its all a blur  
Why did we end up her?  
Brother you know that I loved her!  
Her eyes shone brighter than the sun,  
blood now covers them one by one.  
But at the end of the day,  
I'm sorry for what I've done.

Angels decend and the fire burns your sin.  
Her eyes open again, I see the sorrow within.

Pray for fucking forgiveness for your crimes.  
Beg all you want you know its time to die.  
The betrayal seen through my eyes...  
Infidelity... Crucify...  
Sweat runs down your face, now struggle to survive.  
But there's no use you see the ropes are tied.  
He'll feel the nails pierce through his hands tonight,  
As the rope wears thin around my neck.

And I see you cry when the blood flows,  
despite the love you failed to show.  
The last thread goes through your eyelids,  
You will not watch the last nail go in.  
Satan will worship me in his sleep,  
'I am your God now... Stand up on your fucking feet!'

Pray for fucking forgiveness for your crimes.  
Beg all you want you know its time to die.  
The betrayal seen through my eyes...  
Infidelity... Crucify...  
Sweat runs down your face, now struggle to survive.  
But there's no use you see the ropes are tied.  
He'll feel the nails pierce through his hands tonight,  
As the rope wears thin around my neck.

There's a darkenss inside, a darkness in your mind...

I cannot stand this, bring hate to me  
Torture my soul as I torture you!  
My mind is pleased now, your eyes are torn out,

I rip off your fingers; lets watch them fall.  
Enter your ribcage, your blood pumps slow  
and here is the heart that you don't deserve.  
You say, 'Goodbye world! I squeeze tighter!  
Hear all that screaming? You know it's all your fault!'
