There are times, when sorrow seems like the only truth....

Welcome home i hear you say to me
A smile of lust set on your face
Passionate love is all i see
I feel as though we are one
And for the one who looked out for us
My brothers blood i hold dear to me
And for you both i offer my whole heart
We're all thats left of this family

Anxiously pacing, you show that you feel guilt
What has been done your eyes will tell
Piercing words go through my mind
And when i hear those words
I see blood in my eyes

Beneath the smile, the deception lies
I can see it inside, your fucking eyes
Now im breaking down, and i am feeling
All alone, my thoughts are racing
And im thinking what went wrong
And how to go on

Your lies make me feel betrayed by you
The truths not yet clear inside my mind
They are my family how could they do wrng
I prepare myself for confrontation
I say to her, What have you done
How dare you accuse me
I'd never do such a thing to you

Beneath the smile, the deception lies
I can see it inside, your fucking eyes
Now im breaking down, and i am feeling
All alone, my thoughts are racing
And im thinking what went wrong
And how to go on

[solo]

Beneath your fucking smile, the deception lies
I can see it inside, your fucking eyes
Now im breaking down, and i am feeling
All alone, my thoughts are racing
And im thinking what went wrong
And how to go on, hold on
am i jealous.. wait
Are you fucking touching my wife again
If you do it again
I'll show you your end!!
