From a distance I watch you two. All my thoughts and fears have come true. 'How long has this clever disguise slipped past my eyes? Blood fills my mind. KILL! KILL! KILL! Anger's building up inside. As I walk away, my evil thoughts return.

'Take away their lives,' my conscience screams.

'Fuck no! I never believed in killing for revenge!'

'Feel that tugging pain inside?'

'GET OUT OF MY HEAD! ARE YOU FUCKING INSANE?!'

Clearing my mind of what I've seen, but the vision is still so clear. Inside I scream, 'What should I do?'

'You love the taste of blood don't you?'

'LEAVE ME ALONE! I LOVE THOSE TWO! Let me scream!

'You know you want to.'

'With all these thoughts racing through my mind, I still find the time to follow you.

Did you think that you could hide this

forever?

The luscious taste begins to return to me.

It's so hard to resist, So hard to ignore,.

When your hand touches her face, my perception of you is changed. 'My body begins to shake. 'Have you ever felt rage?'

There's a voice whispering to me. It's so faint, yet so calming. Think slower, go back home.'

Step by step I start to feel at peace, redeeming my tranquillity, but in my head

I see his face again.  
'With all these thoughts racing through my  
mind, I still find the time to follow you.  
Did you think that you could hide this  
forever?  
The luscious taste begins to return to me.  
It's so hard to resist, So hard to ignore,.

When your hand touches her face, my perception  
of you is changed. 'My body begins  
to shake. 'Have you ever felt rage?'

And as I scream inside, I run home. 'My  
brother is close.
