Now when I look at him, there's no more pain
I could bring. 'Tell me honey, do you like
what you've seen? Answer me, I don't care if
you're in pain!'

No more tears are left in your eyes. No more
pain, no need to cry. What you've seen with
sewn open eyes will never leave your mind.
'It's too late for regret. Are you sorry now?'
These voices in my head are so loud! When I
tighten the ropes in your wrists
dislocate and you finally make a sound.

'It is the end of it's your time. You will die
for crossing the line! For you won't see
tomorrow but I'll be smiling at your
sorrow!'

I kiss your serrated cheeks for all the joy
you've given me. But we both know that you
wanted to fall, or else you would've stayed

royal. 'Have you learnt you learnt your lesson
from seeing your lover on our wall?'

'It is the end of it's your time. You will die
for crossing the line! For you won't see
tomorrow but I'll be smiling at your
sorrow!'

This pleasure, it overwhelms me and my
fucking brother hangs before us. Now you
have seen all you need to see, I'll take your
eyes now, there's no more lust here.

This pleasure, it overwhelms me and my
fucking brother hangs before us. Now you
have seen all you need to see, I'll take your
eyes now, there's no more lust for you to see!

'It is the end of it's your time. You will die

for crossing the line! For you won't see
tomorrow but I'll be smiling at your
sorrow!
