Pick your fights  
Tonight the dream is real  
These neon lights  
Reflect the way I feel

Fallen Bird  
Take my wings  
I am lost  
Through all my dreams

They tell me I  
Don't have the heart to win  
Time's running out  
I'm drowning in my sin

Fallen Bird  
Take my wings  
I am lost  
Through all my dreams

Break me down  
I'm right back on my feet  
I have more heart  
Than you could ever see (3x)

Fallen Bird  
Take my wings  
I am lost  
Through all my dreams
