The philosopher's dead  
Buried in his own head  
When did we stop dreaming  
Where did we lose sight

Aspiring to be  
What the eleven year-old me  
Would never stand for  
Would never stand for

So how could I be sure  
Your thoughts were not my own  
When I'm nothing like my former self  
I'm nothing like me

So, are you a ghost?  
You say I'm changing  
But it's you who's wasting away

You say the dream's dead, but I'm living on  
I'm not afraid of these things that I've done  
I can see it all in your eyes  
You wanna go back to when things were right

Now you live as a shell  
Of who you used to be  
It's you without the dream  
It's you without the dream

NOT ME  
NOT ME

So, are you a ghost?  
You say I'm changing  
But it's you who's wasting away

Are you  
Oh, aren't you  
Just like me  
Just like me?

So, are you a ghost?

You say I'm changing  
But it's you who's wasting away
