Visit "[Taken](#)" on MotoLyrics.com

I made a mistake  
Now my life's in your hands  
It's like the sun beating down on us  
Sharing what love it has

Taken me over this weight on my shoulders  
And I can lock you in

You've taken everything that I love  
Taken it so you can control  
But you can't take the way I dream  
They lift us out they follow me

This curse is upon me  
Burn the pieces of my soul  
And I ask for your forgiveness  
You just don't know  
Such a lonely place

Taken me over this weight on my shoulders  
And I can walk away

You've taken everything that I love  
Taken it so you can control  
But you can't take the way I dream  
They lift us out they follow me

And soul survivor  
And our revival  
And I can walk away

And my survival  
Is our revival  
And I don't even know the way

It's taken me over this weight on my shoulders  
And now I know my way

You've taken everything that I love  
You've taken it so you can control  
Well you can't take the way I dream  
They lift us up they follow me

Youâ€™ve taken everything that I love  
Youâ€™ve taken everything that I love  
Youâ€™ve taken everything that I love  
Youâ€™ve taken everything that I love
