It might rain just a little but yeah we dance in it  
Rock to the rhythm and we put our hands with it  
One life to live so we live it to the fullest  
Young and free yeah you know how we do it  
Head in the clouds and the sunshines bright  
Hope in your eyes and it shines that light  
Gravity itself couldn't hold you down  
Joy inside like a merry-go-round  
And we bring it right back  
Positive energy magnetic attract  
Haha so we spread that love now  
Everybody share it now do it all together now

Hit me up with summer love, everybody need  
contagious love  
And I'll be happy with just enough (love)  
Let me get that contagious love yeah  
Hit me up with summer love, everybody need  
contagious love (ohhh)  
And I'll be happy with just enough (love)  
Gimme gimme that contagious love

We put smiles over frowns and we laugh without  
reason  
Live out loud cuz the heart's still beating  
Ting on the elevator, watching people sail  
Capture reaction cuz moment still there  
These are the times that we live for  
So do it big, make it count, breathe it slow  
Cuz the clock don't stop, time won't stand still  
Steal every moment that you can feel  
Haha so we spread that love  
Now everybody share now, do it all together now(2x)  
(and it'll all work out)

Hit me up with summer love, everybody need  
contagious love  
And I'll be happy with just enough (love)  
Let me get that contagious love yeah  
Hit me up with summer love, everybody need  
contagious love (ohhh)  
And I'll be happy with just enough (love)

Gimme gimme that contagious love

You ain't gotta worry bout a thing  
It'll be alright (and it'll be alright)  
You ain't gotta worry  
It might rain just a little bit, but we dance in it  
Rock to the rhythm, and we put our hands in it  
One life to live so we live it to the fullest  
Young and free, yeah you know how we do it

Hit me up with summer love, everybody need  
contagious love  
And I'll be happy with just enough (love)  
Let me get that contagious love yeah  
Hit me up with summer love, everybody need  
contagious love (ohhh)  
And I'll be happy with just enough (love)  
Gimme gimme that contagious love
