This is just the start, You got a cold heart,  
Don't you want to spend more time around here..

I ran out through the garden,  
Ended by your home, With broken arms and stolen  
charms, I knew you weren't alone..

Don't you love me yeah, Don't you wanna be my sky,  
If you trust me yeah, We won't ever have to fightâ€¦

We are not departed from the place in which we  
started,  
We just got up on the bridge so we could see it glow..

The things that we have left in, The city's which we  
slept inâ€¦  
The coming of the winter on the fields..

Don't you love me yeah, Don't you wanna be my sky,  
If you trust me yeah, We won't ever have to fightâ€¦

This is just the start, You got a cold heart,  
Don't you wanna spend more time..around here.
