I got snow up to my ankles,  
Tangled up in all the mess that my life has been.  
22 below freezing, can't feel my feet  
With the windchill of negative ten.  
And I'm looking at my rent  
And I wish I didn't spend every dollar on that damn  
guitar.  
I'm falling on my face every chance I get  
While everything's falling apart.  
(Woah)  
Everything's falling apart.  
(Woah)

But when I'm with you it's that California Feeling.  
When it's cold outside your lips can change the  
seasons.  
So what if I don't think my mind can give you a reason?  
December's gone too fast.  
I don't want this winter to end.

I got no motivation,  
Wasting all of my time thinking of you.  
Working on a paper due yesterday,  
I swear there's nothing to lose.  
I got 24 beers and a fifth of Burnette's  
To get me through the next three days  
So let's do this right.  
'Cuz if you're not here, I don't want to remember the  
night.  
(Woah)  
Don't want to remember the night.  
(Woah)

But when I'm with you it's that California Feeling.  
When it's cold outside your lips can change the  
seasons.  
So what if I don't think my mind can give you a reason?  
December's gone too fast.  
I don't want this winter to end.

You're the sunlight in my night,  
When I sleep too long it's dark outside

But the sun couldn't even be as bright as you.

But when I'm with you it's that California Feeling.  
When it's cold outside your lips can change the  
seasons.  
So what if I don't think my mind can give you a reason?  
December's gone too fast.

But when I'm with you it's that California Feeling.  
(California)  
When it's cold outside your lips can change the  
seasons.  
(This is our time. Woah)  
So what if I don't think my mind can give you a reason?  
(Just take me back, I want it bad)  
December's gone too fast.  
(Let's go)  
I don't want this winter to end.
