The destiny was my path and it took me everywhere
and back to my life
And I've lived my life as the destiny chose
I was a wind who passed you by
And I've been carrying, so many lies
I just refuses to be free

I could be as someone else than myself
But you saw me as who I am

The destiny was my path
It took me everywhere
The destiny was my path
Back to my life
The destiny was my path
But now I am myself
Now I know what I want

And I understand now, that my life is made for me

Come, I want to show you deepest down
There's a place I've forgotten
Where I found peace, to never run away again
There what I forgot is resting

There I can see myself and be who I am
And now I'm here for you

The destiny was my path
It took me everywhere
The destiny was my path
Back to my life
The destiny was my path
But now I am myself
Now I know what I want

You show me the way when I can't see
And you gave your life to me
You stood there by yourself when I couldn't give
But now I'm here for you

The destiny was my path

It took me everywhere
The destiny was my path
Back to my life
The destiny was my path
But now I am myself
Now I know what I want

And I understand now, that my life is made for me
