It's cold in my bed
Oh it's cold in my bed
I sent you on your way
'Cause you couldn't keep the faith and
That's cold in my bed

Ain't no using crying over ??
I took the chance out (?) when I had to
I know I was right but I'm lonely tonight
That's cold in my bed

I had ??? with the party ???
One night I picked it up because you're making time
I know I was right but I'm lonely tonight
That's cold in my bed

It's cold in my bed
Oh it's cold in my bed
I sent you on your way
'Cause you couldn't keep the faith and
That's cold in my bed

I sent you a packin' at the end of a gun
You only had a dollar and I wished you luck
I know I was right but I'm lonely tonight
And now it's cold in my bed

It's cold in my bed
Oh it's cold in my bed
I've seen you on your way
'Cause you couldn't keep the faith and
That's cold in my bed
