"Too Far"

It's been a long time
Since I put pen to paper
I've had a lot of dreams
Summers crazy as they seem
A lot of signs keep telling me
To take the right road
But there's no time
And I can't even see this light

Ain't it meant to shine on me
Nothing is shining on me
What I want to be
Is too far away from me
I wanna let it shine on me

I'm not afraid
Cause good things come to those who will wait
I've made mistakes
But I'm in charge now it's not too late
Inside there is someone I never hide
I'm alright but I could make you run and hide

Ain't it meant to shine on me
Nothing is shining on me
What I want to be
Is too far away from me
I wanna let it shine on me

Shoot me down all you want
Turn around and walk on
I'm non-existent on this Earth
I'm living strong and head first
Shoot me down all you want
Turn around and walk on
I'm non-existent on this Earth
I'm living strong and head first

Yeah yeah

Ain't it meant to shine on me
Nothing is shining on me
What I want to be

Is too far away from me
I wanna let it shine on me

Too far away-ay
