Every night starts out the same
I'm lying in bed watching the ceiling fade away
All the colours and memories
start turning more gray

I know it's artistic,
but I liked the brightness of life

Did you ever felt?
Did you ever loved?
Did you ever lost all you lived for?

Sometimes I wake up and can't breath
I take a walk and feel so chased
All this fighting for someone seems so wrong
Somebody come and take me away from here

Everyday I pass by you shadow
I'm walking and get reminded of our time
I can see the sunrise with my own eyes
I don't need you. But I want you

Sometimes I wake up and can't breath
I take a walk and feel so chased
All this fighting for someone seems so wrong
Somebody come and take me away from here

Away from here
Away from here
Away from here
