Rejected from everybody, I've got a one-way ticket to hell or heaven. Can you empatize yourself? I'm hurting everybody, I'm hurting myself

But what do you do? When it all comes down on you When you see the whole story in her eyes And you're dying, but no one cries

So I took the yourney,
And drove away in a land of mysteries
No one has described me how to live
So can you empatize yourself?
I'm hurting everybody, I'm hurting myself

But what do you do? When it all comes down on you When you see the whole story in her eyes And you're dying, but no one cries

Would you run away? In a film or photography Or gonna let you fall, just to be the murder od your own dead. What would you do? What would you do?

Tell me what would you do?

And I see you, on the couch, looking down.

Am I the only one that is feeling like a clown?

You've got your chips, your drinks, your fucking television

But no idea what is going on in the world!

But what do you do? When it all comes down on you When you see the whole story in her eyes And you're dying, but no one cries

Would you run away? In a film or photography Or gonna let you fall, just to be the murder od your own dead. What would you do? What would you do?

Tell me what would you do darling?
