

Between Hopes & Dreams "Stay"

Visit "[Stay](#)" on MotoLyrics.com

Close your eyes
(And) hold me tight
I promess I won't bite you

Stay tonight
(And) become my breath
Without you I would be dead

And this is only the beginning of something old
By now, figured out we can't live alone
You need me, and I need you
Without your smile I don't know what to do

(So) Stay tonight
(And) Hold me tight
Become my life
and hold me tight

Hand in hand now we walk through the rain
Really glad that no one dares to play a game
Skin to skin now we fade away in our eyes
Shining dreams that do more than suffice

(So) Stay tonight
(And) Hold me tight
Become my life
and hold me tight

Close your eyes
I'll hold you tight
I never leave you off my side
