You caress the scars on my skin.
Undying like the love we've been through.
I caress you tears away,
questioning my own intention.

And you don't know how it's like!
And you don't know how it's like!

You tell me you need me,
But as I told you the same you threw me away!
The scars on my skin won't dry like your tears.
And the pain in my chest won't heal,
Like the last time!

And you don't know how it's like!
And you don't know how it's like!

To feel betreated,
Broken, unloved, to be me...

The shadow underneath you is breaking down.
And the blood on our hands runs deep in me.
'cause everytime we kissed, we fucked, we loved...
You were everything to me.

And you don't know how it's like!
And you don't know how it's like!

To feel betreated,
To be broken
To be unloved
To be me...
