Yo, Listen to me young thug, this is some advice  
You do a snake, you be payin' the price  
Catch you at the dice game, blow you out the frame  
Crack cheater 'cuz my niggaz is grimy  
All we really luv is reffer  
Iraq, the name alone got you shook back on the island  
You got ya man hood took  
But turn around when you walk through

Guns are hawk you, already took ya shit  
No matter who you talk to, the 6 berra no take no  
deniro  
No heat East Elmhurst, Haiser Street  
You feel the fury when you want that bust, Handcuff  
Wishing that you ain't locked up  
Now you get tested, Jake tell you when you get arrested  
When you get there don't get molested  
Yo, call the C.O. that won't be necessary

They watch ya beat ya down and take ya conversary  
My adversary donaldly dick, dynasty rich  
My whole cliq got paid lawyers and rips  
Gettin' locked up, fell down, no time for this  
Aw, aw, aw when the gaged got caught in the car  
Start the law, not trying to be a Cold Craft Star  
Yo, you might be illin', you might be wildin'  
But you wont be smilin' on Rikers Island  
Rikers Island, Iraq

Mobb 2 ice grill when you walk through

Come through a fly cached tested for that

See where your heart at, that fly shit niggaz want that

Jerk on ya phone time, sweet niggaz get robbed blind

Robbed for ya watch, robbed for ya shine

You better fake regimen

Them niggaz do a lot of dead and let 'em see ya

sweatin'

And get PCed out protection, the by shit 'cuz cliqs sent  
renim

And have you cut up if you don't pay up

Crips and Bloods all along with the Caves too

Business as usually, a bunch of criminals

Typical shit is critical, on a via a nigga rippin' you

A daily ritual, jail talk is pitiful, not for every individual

I'm wit' it and I won't go back, niggaz mad 'cuz I keep a

stack

And don't talk crip nigga, word up

See 74 adolescents now walk put ya hand to the floor

Ya hear nigga gettin' tall holey blaze galore

Tricks or ya fucking jaw to ya draw

See yo when I close watching you pour

How do you claws or how do I laws from taking yours

Contemplated or taking you down from at the door

Niggaz with 'cuz leave you wit' scars and open source

Soon as ya boor get a swore stuck in ya faloor

Sharpin' up 1 son and become quick draw mcgraw

Put up ya paws boors go why I saw the cause

'Cuz livin' shiesty could be pricey

Niggaz kidnappin' wify's while hearts cold as Italian

Icy's

Now buck and a half slide across his face lace some  
nicely

You gottin' fiesty but where you stand is where the ice  
be

Forever your life be gone in the wind

Punching holes all in your abdomen

When the thug cats come with the stabbin' in the jury  
grabbin' in

Look out son they body slabbin' in while you was  
blabbin' in

Now know what the fuck is happenin'
