hify, low down greedy and griny
Like Fred...fuck it I get the bread though
I take the 9 and buck it a bitch on head though
I run the jewel... because I said so
Ride around the hood with niggas that let the legs go
I will never rattle my lawyers to tell the feds go
Word to the ... sandwich and the bed roll
That starts in the game of thrones let my head roll
Real nigga, nigga feel teeth...shoots
One of the bullet trigger still
If the ... ain't got a deal, take it from me
If the feel like the pussy heavy weight...
I ain't pussy, go ahead and ...you a dick ass
That the bullets gonna penetrate
Dead nigga, dumb nigga, ... fucking ... nigga

I'm gonna drink tiger bomb, you can google that
And I shot niggas too, you can google that
See I smoke big, you can google that
You know I ... little bitch, you can google that
Fuck niggas, you can google that
Nigga fuck the other side, you can google that
Fuck niggas, you can google that
Nigga fuck the other side, you can google that

Yeah, I'm from the era of the stakehouse
Where niggas used to cook brick at the chick house,
after you reef up
Dominicans, watch them ...heights, they had me up, ...
Weather so cold it's like..
My kicks stay fresh like a brand new baby ass
...a chinese chick with a crazy asas
I call her suck me off, or ...her name was...
She told me that she googled my name up
Shootings, robberies and big cocaine came up
See ...shooter, ... you can hit your ruler...
I smoke weed, no other shit
Them widows gettin high on some other shit
You can keep that, respect to you
Get out of line, put the heater to your neck to you

I'm gonna drink tiger bomb, you can google that
And I shot niggas too, you can google that
See I smoke big, you can google that
You know I ... little bitch, you can google that
Fuck niggas, you can google that
Nigga fuck the other side, you can google that
Fuck niggas, you can google that
Nigga fuck the other side, you can google that

Yo, more money than ... y'all niggas is doodle
Throw the map in you map and ...fuck your...
Yeah ... new pussy, I'm the cableman, flow direct
Your whole... stableman
Black... nigga with fat pockets
Cooking like ... and the black watches
Broke nigga with ... chores, ... get yours
Homie... coolin on ... buying shoes and...
We'll be winning ...
I post in the ghost the dumbest...
Racing the cage, ... niggas see no support
So now we blasting that bastards more

I'm gonna drink tiger bomb, you can google that
And I shot niggas too, you can google that
See I smoke big, you can google that
You know I ... little bitch, you can google that
Fuck niggas, you can google that
Nigga fuck the other side, you can google that
Fuck niggas, you can google that
Nigga fuck the other side, you can google that.
