Uh, just blaze

Car heart dungaries
It's estimated that my mind elevated
Organized crime related
Bam-bam biggalow
I'm not a gigolo
More like the general
Chef like emeralds
Panama Canal shifting
Distributed to Dominican Republic
Republicans will love it
Democrat are a fact
We made off
And we don't take a day off
We lay off and spray off
Meditate Indian style
Lisbon, throw grenades at the precinct
And I'm talkin' recent
Do our dollars on the highway
In the Tahoe
Cash flow, I go
Hefe muchacho
Harmano, italiano, horizontal
Lara Donald, oh I know
Speak wisdom when we kickin' it
I sit back and listen it
Affecting magnificent, I'm demerit

See, I prefer that you call me by my alias
Nickname changed at times, various
Girls curious, by coast to
Like a toaster we toast to
Swiftly we approach you

See, I prefer that you call me by my alias
Nickname changed at times, various
Girls curious, by coast to
Like a toaster we toast to
Swiftly we approach you

Niggas warn me, they inform me
Jake swore me, the streets storm me, they all on me
CNN tradition when them bodies go missin'
Anybody get it
Muslim, Jew or Christian
Yonder I was told to move the onions
Is just what I learned from OG's after young'uns
It don't mean that I'm a bad person
My tech 9 got hiccups, it do bad burnouts

Shootout, niggas is mad heartless
Them automatics in targets
You can talk a good discussion full of bloggers
And the robbers and the slingers
Muslim and catholic and all religious
They recite every rhyme like phony scriptures
Cuz single years you might fear
White airs looking like cocon heaven
You want it? It be right here
We beat charges like Lofesburg, paid attorney
No witnesses, DA wanna burn me

See, I prefer that you call me by my alias
Nickname changed at times, various
Girls curious, by coast to
Like a toaster we toast to
Swiftly we approach you

See, I prefer that you call me by my alias
Nickname changed at times, various
Girls curious, by coast to
Like a toaster we toast to
Swiftly we approach you

I'm from the home of broken chains and choked
babies, it's so crazy
They blow 80's, a body in the shell drop
Ricocheted bullet, you're surely necking the nail shot
The morgue is ice cold but the corners is red hot
No-stop observation, hustlin's my occupation
Give me a few keys, I'll show you how to lock the nation
Queen's house criminal, OG cush the minimal
Shorty grab my soldiers, hoop the general
We send them shots back and forth like a rocking chair
Overthrow your block, your locker just like blaster here
Yea, this mad kit gone to break now
The streets know we ill any minute, could be a shake on
Track your pants pocket, take your wallet and your girl
babies
Little goons, I wing 'em like Bro Jangles
I walk with angels in the halo, my jewels glisten

See it's more important in war, listen

See, I prefer that you call me by my alias
Nickname changed at times, various
Girls curious, by coast to
Like a toaster we toast to
Swiftly we approach you

See, I prefer that you call me by my alias
Nickname changed at times, various
Girls curious, by coast to
Like a toaster we toast to
Swiftly we approach you
