(Feat. Al Joseph & Sho Balloti)  
Now real niggas in the front

And some real nice lips, goddammit, she the shit  
Make a grown man lose his cool when he hip

Hot dammit, I might vanish  
With three hot chicks that's ten times times average  
Ice in the buckets, bottles all pink  
Weed or green? Aroma or stink?  
Push upon your lady, yea this fellow's fat  
Fly through the city like a push a yellow cab  
Stop your money, it's nothing, we make your life hard  
I get cooch wet cuz I'm the life guard

Hook about with your hoe  
We don't blow no hookah though  
You move in with shows  
Save your jokes for Bazooka Joe  
See maybe buyin' 8 million dollar whips now  
I got my connect like 'Yo! We gotta have a sit down'  
They wanna know my ride, they ain't seen me hop outta  
whip  
I spring G4 like I try to sink your battle ship  
Sorry baby if I made you feel inadequate  
The phone call slow down a bit, baby I admit  
I'm ruthless and impatient  
So is deuces if you are not conducive to my operation  
I got a good flow, fuck with you I would, slow  
Overseas but wudup to the hood though
