They didn't trust Him,
No one would save them
They just wanted to be free
With no responsibility

Does this mean although they regret it
that now they lost?

They came with anger to make them feel stronger
Did they feel better to hate their maker?

In this time I believe
they're the ones who are lost!

Well, they didn't trust it
The God's existence
Had no-faith in Him
The One and Only
The Only One to Pray to
The Only One to Ask
The One Who Could Save Them
They just didn't trust

Reff:
They can't turn back time they have lost
When they still had a chance
to pray and faith in Him
They regret it but it's too late
And scream and cry are things they do

In this time they believe
they're the ones who are lost

Well, when fantasy is dead
Nothing's on your mind
You start to be buried underground
Those lips can't say a word
But your hands and feet will speak
They're the witnesses of your life

Well, life seemed too short to live you think
Now it's been wasted

You wish that you could be reborn
And you scream so loud

Reff:

I wanna go home
Iâ€™ve regretted all
Iâ€™ve done so please give me a chance
So take me home, take me home
And that kind of words is probably screamed
By all people like you!

In this time you believe
Youâ€™re the one who is lost
