Come again

Good morning to midnight
Good morning to midnight
And from a dusk till dawn

Girl you shine in the moonlight
You make me burn in the sunlight
And as the night is gone
You gotta break it down
You gotta make me come
You gotta make me come

Now she's comin' very fast like sandy
Ah when the clock strikes twelve now she's randy
I make her sing in the bed like brandy
Pure love protecta'she defends me

Mi give thanks to this girl jah jah send me
When I was broke with no home she never left me
Ca'the ting'that you gi'me keep mi jail free
As we fly away like a spliff of sensee

She keep me young she keep me bad
She keep me carefree
She payed my bail when police arrest me
She make wise like an indian like a cherokee
She say you are my cat you are mi nico d.

Good morning to midnight
Godd morning to midnight
And from ah dusk till dawn

Girl you shine in the moonlight
You make me burn in the sunlight
And as the night is gone
You gotta to break it down
You gotta make me come
You gotta make me come

Oh gyal you are mi dancehall queen

I know in your jeans that a real someting'
Ready fi the love ready fi the rampin'
Mi hit it up and work it'till the early mornin'

See the bress in mi hands that mi bare jugglin'
When she do the champagne bash that a bare bublin'
Gyal from brooklyn come fi cook mi dumplin
Come check the boggie man fi go rock and comin'

Good morning to midnight
Good morning to midnight
And from ah dusk till dawn

Girl you shine ina the moonlight
You make me burn ina the sunlight
And as the night is gone
You gotta break it down
You gotta make me come
You gotta make me come

Good morning to midnight
Good morning to midnight

Girl you shine ina the moonlight
You make me burn ina the sunlight
