You need some holyday
You really need some peace of mind
Let's relax away

You don't have to work today
Switch off your phone today
Grab your swimming suit and close
Your eyes welcome to montigobay

Welcome to montigobay
Can you feel that ocean spray?
Welcome to montigobay

A'right than

'Cause everybody need a little break sometime
Fresh out the hotel
Covered in my tailermade 59's
'Bout to dedicate this one out to the night
It's holliday vibe and I'm feeling so fine and alive

Sippin'on my syrup with a piece of lime
Yes that dj david rodigan is out tonight
So fight for your right this is party time

So sticky ticky hicky it's a hold up
So pull out your papers just roll up

So sticky ticky ticky it's a hold up
So pull out your papers just roll up

Holiday holiday hold up hold up
Pack up your bags and get to the airport
Holiday holiday hold up hold up
Brandnew haircut with your money in your wallet and
Your passport

You need some holyday
You really need some peace of mind
Let's relax away

You don't have to work today
Switch off your phone today
Grab your swimming suit and close
Your eyes welcome to montigobay

Welcome to montigobay
Can you feel that ocean spray?
Welcome to montigobay

A'right than

You're working hard so your big boss can be free
Spending his money and living in luxury
Open your eyes cause it's not the way it's meant to be
It's time for you to live your dream
And dream a little fantasy

You need some holyday
You really need some peace of mind
Let's relax away

You don't have to work today
Switch off your phone today
Grab your swimming suit and close
Your eyes welcome to montigobay

Welcome to montigobay
Can you feel that ocean spray?
Welcome to montigobay
A'right than
