Put on your sun tan lotion and block the sun  
'Cause you're in Jamaica

Sensational quality from the greens  
To the tapestry

South central, the beaches are so tropical

Yes I wish I could go there and see the sites  
And buy some things  
In Jamaica

You don't have to go far to find so many  
Friendly faces

And the beaches are dangerous after Midnight  
After midnight

Put on your sun tan lotion and block the sun  
'Cause you're in Jamaica

Sensational quality from the greens  
To the tapestry

South central, the beaches are so tropical

They're so tropical  
They're so tropical  
They're so tropical  
They're so tropical
