Vicious rocks fall upon you  
They try to vanquish your mind  
They try to burn with anger  
Your words your mind

I'm talking about the power  
That you left behind  
The light that covers my head  
Was made by your pride

Hypatia won't die

So fuck the men  
That stoned you  
Down

We free the light  
That you left  
Behind

We'll never bow  
Open your eyes  
Hypatia won't die

I will take it back  
They know that I am right  
Free your soul  
Humble heart  
Fucked up world  
Fucked up minds  
Heads up war is back  
Love was left behind  
Behind

Shoot yourself  
Shoot yourself  
I don't care  
Again

Vicious rocks fall upon you  
They try to vanquish your mind  
They try to burn with anger

Your words and your mind

So fuck the men  
That stoned you  
Down

We free the light  
That you left  
Behind

Weâ€™ ll never bow  
Open your eyes  
Hypatia wonâ€™ t die
