You, you point the way
I trust you my friend
I know that you won't hurt
You saved me
I know you want the best of all
To all who loves and
I know you are the peace that lies inside
Light

Light my way
Light my way
Light my way!

You are my sweet friend
I never felt this way
Cause no one ever saw inside
How birds flew in my eyes

My sweet friend
My sweet friend

Feel, I feel as family when we believe in
This dreams that we have
We'll try till we die
You can't stop this big wave
That came to conquer
Every place in their hearts
That never saw light

Light the way
Light the way
Light the way! Light

Stay please!
